TFT does more than just provide children ( ) hot, healthy meals. As school lunches are given to them, the children no longer have to prepare a meal to take to school. This has encouraged more children to go to school. After attending classes regularly, many realize the joy of learning and want to study more. The number of students who go on to junior high school has risen as a result.

TFT also benefits people in developed countries by giving them a convenient way to help global society. Many people would like to do something to improve the condition of the poor, but are just too busy. Giving twenty yen to TFT is an easy and effective way to make a contribution.
